

Errata for “Coslice Colimits in Homotopy Type Theory”

Perry Hart

May 7, 2025

Bottom of page 18: The definitions of the functions μ_n and ν_n are stated incorrectly. The correct definitions are

$$\begin{aligned}\mu_n &: \prod_{i,j,g} H^n(F_i) \rightarrow \prod_{i,j,g} H^n(F_i) \times \prod_{i,j,g} H^n(F_i) \\ \mu_n(h) &:= (h, h)\end{aligned}$$

$$\begin{aligned}\nu_n &: \prod_i H^n(F_i) \rightarrow \prod_{i,j,g} H^n(F_i) \times \prod_{i,j,g} H^n(F_i) \\ \nu_n(h) &:= (\lambda i \lambda j \lambda g. h_i, \lambda i \lambda j \lambda g. H^n(F_{i,j,g})(h_j))\end{aligned}$$
